FOR IMMEDIATE RELEASE

September 24, 2018

September 25 is National Voter Registration Day 2018

Secondary schools, colleges will host voter registration drives

Mayor Bramson signs in support of Mayors For Our Lives

On Tuesday, September 25, 2018, thousands of national, state and local organizations and volunteers will celebrate National Voter Registration Day with a 50-state effort to register voters before Election Day this November. Additionally, [mayors across the country](#) are linking arms with educators in a special effort to encourage students to get registered.

In New Rochelle, the City School District, Iona College, the College of New Rochelle, Monroe College, and The Ursuline School – in conjunction with the League of Women Voters of New Rochelle –will make voter registration forms available and encourage eligible students to become voters. Mayor Noam Bramson will be visiting each campus tomorrow. At New Rochelle High School, the mayor will also receive petitions from students supporting his participation in [Mayors For Our Lives](#); and will visit the AP Government and Politics class to discuss with students the importance of young voter participation. ***Schedule follows below; RSVP appreciated.***

“High school and college students have the power to make a real difference in our community and nation, and have a profound stake in the choices made by government. So whether Democrat, Republican, or Independent, whether liberal, moderate, or conservative, we encourage every eligible young person in New Rochelle to register, to vote, and to make their voice heard,” said Mayor Bramson.

Founded in 2012, National Voter Registration Day is designed to create an annual moment when the entire nation focuses on registering Americans to exercise their most basic right – the right to vote. More than two million Americans have registered to vote on this day since the inaugural National Voter Registration Day.

Voter registration information can be found at the [Westchester County Board of Elections](#) where forms can be downloaded in [English](#) or [Spanish](#).
